THE MOST GORGEOUS,
BEAUTIFUL BLOOMING ROSE
. . . WE'VE EVER SEEN!

SIX FLAGS OVER TEXAS

This magnificent new Grandiflora rose exhibits the most phenomenal display of "fluorescent" cherry-red blooms we've ever seen. Its distinctively different color looks almost artificial—A cross between Roundelay and First Love—Six Flags is the near perfect rose. It blooms almost constantly with long stems and graceful buds, excellent for cut flowers—and holds its brilliant color lastingly when cut or on the bush. In keeping with its great namesake—SIX FLAGS is one of the most exciting and colorful roses of our time.

A SQUIRREL'S EYE VIEW OF

Mrs. Jones and her PECAN TREE

COOKING HOLIDAY GOODIES

Delicious Pecan Icing and Cake—tasty Pecan Pie—and spicy Pecan Crunch Cookies are my family's favorites—says Mrs. Jones.

BEAUTIFUL LIFETIME SHADE

Father says his Pecan Tree Shade is the most—for peace and rest. Cools my kitchen and bedroom, too.

FAMILY FUN—HARVESTING

Pecan gathering time is the "event of the year" for us—my only chore where everybody gets in on the act.

DEEP FREEZING DELIGHT

Pecans in a poly bag—keep perfectly for months—delicious and fresh for year-round cooking—and afternoon snacks.

PAYING HOME TAXES

And, after cooking, deep freezing, gifts to friends—we sell the balance—which usually is enough to pay the taxes on our home.

**Garner
will outbear all
other Pecans.**

Note this beautiful Pecan; what a thin shell, how perfect the big kernels, and the ideal shape. John Garner is about one-third larger than pictured above. **SOLD ONLY BY WOLFE.**

Wolfe's Fast Growing . . .

[1962]

PAPERSHELL PECAN TREES

Giant

The World's Largest Pecan

MAHAN

Can you imagine Pecans so large that the clusters of nuts look like bananas on the trees? That's Giant-Mahan — THE WORLD'S LARGEST PECAN. The nuts look somewhat like Schley but they are more than twice as large. Giant-Mahan is also a true brittle paper-shell and brings more money per pound than any other Pecan. This variety has become increasingly popular due to the healthy, vigorous-growing tree which makes a beautiful shade specimen. It grows upright and puts on dense, dark green foliage. The leaves are extremely large. Added to this feature, it is adapted to all sections and is resistant to common diseases. Giant-Mahan is a heavy producer and our Machine-Dug root system enables it to start bearing soon after you plant it. Giant-Mahan and Garner make an ideal pair for home or commercial planting. Mahan is labelled with one WHITE stripe.

Giant Size	8 to 10 ft.	\$14.95	2 or more	\$13.25 ea.
Heavy Branched	6 to 8 ft.	9.95	2 or more	8.75 ea.
	4 to 6 ft.	4.95	2 or more	4.65 ea.
	2 to 4 ft.	2.95	2 or more	2.75 ea.

THE GARNER

*A Wolfe Nursery Introduction, . . . Acclaimed
Outstanding for Quality, Production, and Shade*

We have fruited this great pecan alongside of many others during a period of years, and it will bear at least one-third more fruit per tree than other pecans and produce the first or second year after you plant it. One of the youngest bearing varieties known—Garner is FROST RESISTANT, bears every year, and is one of the first to mature in the fall. It is a true paper-shell—so thin that it can be cracked with your fingers. The creamy, delicious kernels are extremely rich with distinctive flavor. Plant in upland sections of altitudes of 600 feet and UP. You'll find Garner to be one of the most outstanding Western varieties ever discovered. Should be planted with Mahan for best results. Garner is labelled RED.

Giant Size	8 to 10 ft.	\$14.95	2 or more	\$13.25 ea.
Heavy Branched	6 to 8 ft.	9.95	2 or more	8.75 ea.
	4 to 6 ft.	4.95	2 or more	4.65 ea.
	2 to 4 ft.	2.95	2 or more	2.75 ea.

PECAN OFFER BLUE RIBBON

This is a "perfect" combination of Papershell Pecans. Three of Wolfe's famous trees that produce high quality, huge size papershell pecans and beautiful long lasting shade. The ideal planting around your home. Our BLUE RIBBON OFFER is made up of THREE SELECT TREES: Two Stuarts and one Giant Mahan, and is available in four different sizes. Specially priced now.

3 PECAN TREES

SIZE	PRICE	YOU SAVE
8 to 10 ft.	\$38.50	\$6.35

4 to 6 ft.	12.75	2.10
2 to 4 ft.	7.75	1.10

◀ (at left) JOHN GARNER PECANS

Burkett

THE MOST BEAUTIFUL SHADE... MOST DELICIOUS TASTING PECAN OF ALL

The leader, and will continue to be, in Western varieties, Burkett is a regular and heavy producer of large, round, fat pecans that are perfect for home use and bring top market prices. Burkett is popular—as long as we have been in business the market demand for Burkett and Garner has never been supplied. It has a rich flavor and its meat content is so high that just a few of these choice pecans go a long way. Plant Western Schley or Garner for perfect pollination. Plant only in altitudes of 600 ft. and up and on well-drained land. Wolfe Nursery's select Burkett's are labelled with one BLUE stripe.

BURKETT

Giant Size	8 to 10 ft.	\$14.95	2 or more	\$13.25 ea.
Heavy Branched	6 to 8 ft.	9.95	2 or more	8.75 ea.
	4 to 6 ft.	4.95	2 or more	4.65 ea.
	2 to 4 ft.	2.95	2 or more	2.75 ea.

WESTERN SCHLEY

THE PIONEER WESTERN VARIETY PRODUCING PROFIT EVERY YEAR

One of the most ideal home orchard and commercial varieties. Its size is large and its shell thin. Western Schley never fails to prove that money does grow on trees. The tree is remarkably healthy, a strong grower, early and heavy producer. A genuine Risien Gold Medal Pecan that makes a gorgeous shade specimen in a hurry. Labelled with a GREEN stripe.

WESTERN SCHLEY

Giant Size	8 to 10 ft.	\$14.95	2 or more	\$13.25 ea.
Heavy Branched	6 to 8 ft.	9.95	2 or more	8.75 ea.
	4 to 6 ft.	4.95	2 or more	4.65 ea.
	2 to 4 ft.	2.95	2 or more	2.75 ea.

STUART

A POPULAR VARIETY ADAPTED TO ALL SECTIONS INCLUDING THE COAST

Stuart comes nearer to being well adapted to all sections of the country and all soils than any other variety. It is an excellent producer and a hardy, fast growing, healthy tree. The meat has a real Pecan flavor and the shell is medium thick—somewhat brittle.

The average Stuart will run 48 to 50 per cent kernel. As you can see by the actual color picture at the left, the Pecan is large and always well-filled. The trees bear regularly and are highly resistant to scab. Stuart is labelled YELLOW.

STUART

Giant Size	8 to 10 ft.	\$14.95	2 or more	\$13.25 ea.
Heavy Branched	6 to 8 ft.	9.95	2 or more	8.75 ea.
	4 to 6 ft.	4.95	2 or more	4.65 ea.
	2 to 4 ft.	2.95	2 or more	2.75 ea.

SUCCESS

This most popular Eastern variety is in demand because of its excellent flavor, large, plump, smooth creamy kernels that release perfectly from the thin soft shell. Forty of its big nuts usually make a pound, and the tree is a beautiful vigorous grower—highly resistant to scab. It heads low and makes an ideal variety for yard planting. Success ripens a few days later than Stuart. Both are excellent self-pollinating varieties. Success is labelled with one PINK stripe.

Giant Size	8 to 10 ft.	\$14.95	2 or more	\$13.25 ea.
Heavy Branched	6 to 8 ft.	9.95	2 or more	8.75 ea.
	4 to 6 ft.	4.95	2 or more	4.65 ea.
	2 to 4 ft.	2.95	2 or more	2.75 ea.

Stuart Special

Due to the popularity of Stuart pecans we are offering three of Wolfe's select trees in this famous variety. Specially priced now . . .

3 big 4 to 6 ft. trees—Reg. \$14.85 Only \$12.50

Special Gold Medal PECAN COLLECTION

Now this famous collection of papershell pecan trees is offered in four sizes. Many years ago our customers requested special quotations on our smaller size trees—which was the beginning of our Gold Medal Collection, and due to the popularity of this special offer we are now making it available in all sizes of Wolfe's famous, fast-growing pecan trees. In your Gold Medal Collection you will receive THREE of our best varieties, selected from Burkett, Stuart, Giant Mahan, Garner, Success, or Western Schley—according to those best adapted to your location. And, before you know it, these select Wolfe grown trees will be producing loads of big, delicious papershell pecan nuts.

LETTERS: *from Wolfe Customers*

Wolfe Nursery
Stephenville, Texas

Dear Mr. Wolfe:

A few years ago the Medina County Commissioners planted 15 pecan trees from Wolfe Nursery. Now, most of the trees are two to six feet higher than the top of the three-story Courthouse.

Truly, they are the most wonderful lot of pecan trees in the country. We spray them each year, and the crop of delicious pecan nuts that we gather is the talk of the County each Fall.

Very truly yours,

Arthur H. Rothe
County Judge Medina County
Hondo, Texas

Wolfe Nursery
Stephenville, Texas

Dear Mr. Wolfe:

We received our fruit trees Saturday, and I want to say they were surely O. K. We were well-pleased with them. They certainly were well-rooted trees, and we set them out the same day they were received.

Jake Altergott
Loyal, Oklahoma

Jake Altergott
Loyal, Oklahoma

Wolfe Nursery
Stephenville, Texas

Dear Hugh:

I am forwarding some mail to you that has come to me regarding the nursery. You see, many people consider me a part of your organization. It is a constant source of amazement to me that you can satisfy so many customers so well. Since going on the air for Wolfe Nursery nearly four years ago, I have had no serious complaints.

I want to congratulate you on your fine new plant and the completion of another banner season. The Wolfe Nursery is a real asset to Texas.

Murray Cox
Radio Farm Director

Stephenville, Texas

Dear Mr. Wolfe:

I received the fruit trees and strawberry plants that I ordered from your catalogue. I want you to know that I received them in excellent condition and also that they are excellent trees. I have planted many hundreds of fruit trees but none ever better than these.

Albert Bonnell
3152 Cridelle
Dallas, Texas

Route 1
Arapaho, Oklahoma

Wolfe Nursery
Stephenville, Texas

Dear Mr. Wolfe:

I have thought I would write you several times, especially when our peaches or other fruit was ripe. We surely have a wonderful orchard. We have 200 peach trees - Hale, Elberta, Texaberta, and Frank. We have three rows of Texaberta and when they are ripe, their giant peaches are the loveliest I have ever seen. People from near and far say that they are the finest of all peaches. They never ship any peaches into Clinton, Oklahoma, as good as your Texabertas. We have two acres of apples, and they are the largest we have seen. We sell a lot of apples and never a worm do we have. We also have pears, and apricots and have had wonderful luck with them. I wish that we could have taken pictures of our orchard to show to you but in fruit time, we are the busiest people in the country.

Mr. and Mrs. Russell Roush
Route 1
Arapaho, Oklahoma

A PECAN ORCHARD — —

THE RECORD SHOWS—ONLY A FEW DOLLARS INVESTED TODAY MEANS SECURITY, EARNINGS, AND INCREASED LAND VALUE—FOR LIFE

GROSS YIELDS FROM \$300 to \$1000 PER ACRE. You will find Wolfe's customers throughout the southern United States and South America reaping each year from \$300 to over \$1,000 per acre, in gross income from an original investment of only a few dollars in PAPERSHELL PECAN TREES. Multiply this amazing return per acre by the number of acres the customer has planted in Wolfe's pecan trees, and you will find people earning gross incomes from a few thousand dollars to over a million dollars per year. There is no better proof than MONEY IN THE BANK.

INCREASES YOUR LAND VALUE FROM SIX TO TWENTY TIMES. All among Wolfe's pecan customers, you will find land valued from \$600 to \$2,000 an acre — with land next door without pecan trees selling for \$75 and \$150 an acre. The pecan tree has an ageless means of producing more nuts annually, and each year the land value increases accordingly.

COST OF TREES LESS THAN 2% OF AVERAGE TOTAL RETURN. Based on orchards following simple rules of good management, \$1.00 invested in Wolfe's Pecan Trees has returned \$96 over a twenty-year period, in gross income. As to the cost of Wolfe trees, you can plant your pecan orchard

for as little as \$27 an acre. This includes a full 18 trees to the acre — spaced 35 feet apart in rows 70 feet apart.

PECAN NUT PRICES CONSISTENTLY HIGH, AND CONTINUE TO GO HIGHER EACH YEAR. Total national production of 150 million pounds of pecan nuts per year is less than one-half the 320 million pounds needed to supply consumer demand. The forecast shows 500 million pounds will be needed to supply consumer demand within 5 to 10 years. In short, consumer demand is increasing much faster than production. No other commodity market reflects a brighter future than for the man with a PAPERSHELL PECAN ORCHARD.

WOLFE'S PECAN TREES BEAR IN RECORD TIME. The complete fibrous root system made possible by Wolfe's GIANT TREE DIGGER gives you significant production from one to three years sooner. Many trees will set pecan nuts the second year, with a heavier production yield throughout the orchard beginning with the fourth and fifth year. Machine-dug root systems, individually stake-trained trees, and irrigated production are factors in Wolfe's growing program that assure you of pecan trees that bear in record time.

FOUR STEPS TO LIFETIME EARNINGS WITH *Wolfe Papershell Pecan Trees*

1. ESTIMATE YOUR LAND NEEDS—Almost any well-drained productive farm land will grow pecan trees. Pecans produce well on both dry land and irrigated land. Determine your acre needs by the earnings you ultimately desire. Using an average yield figure from a good producing orchard of \$400.00 per acre—divide this into the total gross income you desire, and you have the number of acres for your orchard.

2. ESTIMATING COST, ORDERING, AND FINANCING YOUR TREES—Using the COST PER ACRE SCHEDULE on the page to the right, you can determine your total cost of trees by selecting the size trees desired for your planting. Trees are available in three sizes. Larger size trees cost less in the long run because they produce sooner. Smaller trees cost less originally, but require a little longer to bear. All three sizes are satisfactory, but where sufficient capital is available—we recommend the larger size for most economical results.

If you cannot finance the size orchard you desire, spread your planting over two or more years, and plant a specified number each year until your orchard is completed. Many customers find this convenient, and we reserve these trees for you at no obligation. Whichever route you choose, send your order in at the earliest moment, because only a limited number of pecan trees are available each year. Please allow us to make suggestions as to the best varieties for your area.

3. PLANTING YOUR TREES—Satisfactory holes for planting can be dug for only a few cents per hole with a tractor-powered post-hole auger. This equipment can be conveniently rented or contracted should you not have your own. Desired measurement for the hole is 12 to 14 inches wide and 40 inches deep. Even though the holes can be dug quickly—we suggest having them fully prepared before your shipment arrives. Complete planting instructions will be sent you in advance, with full details for planting, watering, and early care.

4. MAINTENANCE & PRODUCTION OF YOUR ORCHARD—Getting your orchard into production and keeping it in good condition simply requires following a few basic fundamentals. You'll be furnished complete information free of charge, covering your full operation—plus free consultation of Wolfe Nursery's horticulture staff with over 40 years experience in orchard management.

FOR OVER 40 YEARS WE HAVE NOT BEEN ABLE TO SUPPLY THE DEMAND FOR WOLFE-GROWN PECAN TREES. SEND YOUR ORDER TODAY!

MEANS INCOME FOR LIFE

COST & YIELD SCHEDULE—FOR YOUR PAPERSHELL PECAN ORCHARD

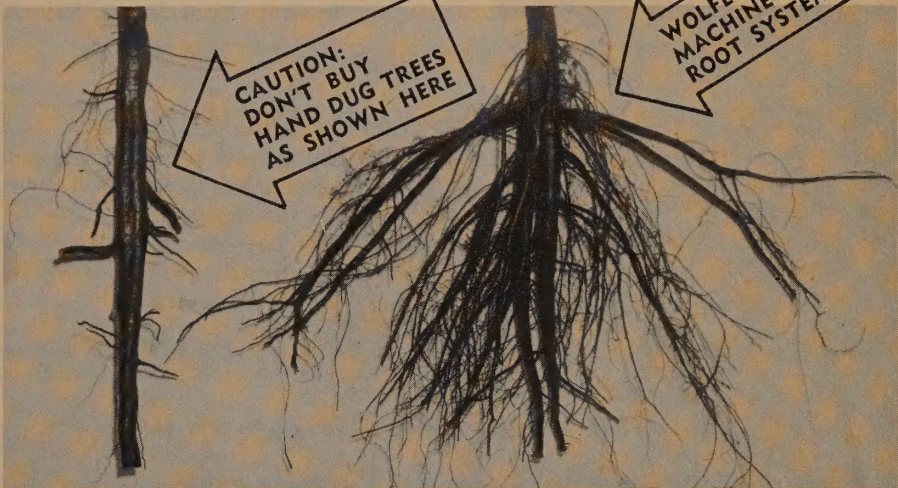

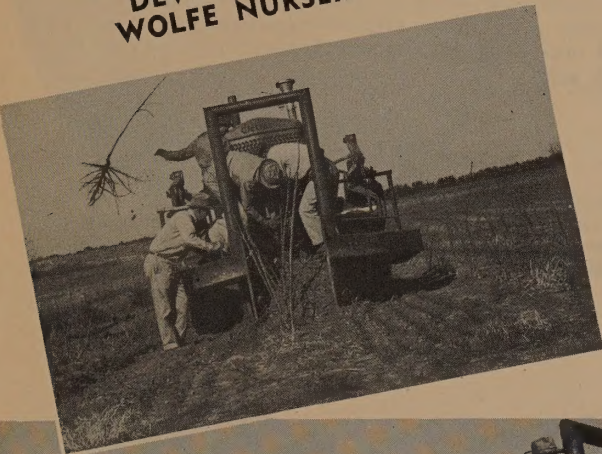

The table below shows the total cost of trees by the acre for your PAPERSHELL PECAN ORCHARD—plus an estimate of your yearly gross yield and increased land value per acre once in full production. The schedule includes 18 trees per acre, spaced 35 feet apart in rows 70 feet apart. NOTICE the additional discount savings with each increase in the number of acres you plant. Send for your order today! Example: To plant 10 acres in 1 to 3 foot size, your total costs for Wolfe's Pecan Trees would be \$324.00. All prices f.o.b. Stephenville, Texas.

IF YOU PLANT	1 to 3 Ft. Size	3 to 5 Ft. Size	5 to 7 Ft. Size	IN FULL PRODUCTION	
				ESTIMATED YEARLY YIELD @ 400.00 per acre	ESTIMATED LAND VALUE @ 800.00 per acre
1 Acre	\$ 36.00	\$ 63.00	\$ 81.00	400.00	800.00
2 Acres	70.20	122.40	158.40	800.00	1,600.00
5 Acres	171.00	297.00	387.00	2,000.00	4,000.00
10 Acres	324.00	558.00	738.00	4,000.00	8,000.00
25 Acres	765.00	1,305.00	1,755.00	10,000.00	20,000.00
50 Acres	1,440.00	2,430.00	3,330.00	20,000.00	40,000.00
100 Acres	2,700.00	4,500.00	6,300.00	40,000.00	80,000.00

NOTICE—All Wolfe papershell pecan trees are of guaranteed quality. You must be entirely satisfied when your trees arrive or you can return them within 10 days for free replacement or full refund of the purchase price. Wolfe Nursery further guarantees each tree you order to be true to name. Half price replacements on regular retail pecan trees do not apply to any pecan trees commercially priced above.

Wolfe's Papershell Pecan Varieties are GUARANTEED TRUE TO NAME. Send for your order today!

WOLFE'S DWARF FRUIT TREES

Delicious Full-Size Fruit on Dwarf . . . Compact Fruit Trees

Everybody likes home grown fruit, and the latest home orchard idea is to grow your own fruit with amazing Dwarf Fruit Trees. Now, you can plant a whole orchard in your back yard—for five trees can be planted in the same space as one standard size tree. They bear even quicker, often the first year after planting, and yet the fruit is generally larger than grown on the regular big trees—with the same delicious flavor. The trees are dwarf—so small that you don't even need a ladder to pick the fruit or care for the trees—yet strong and sturdy enough to give you bushels of big, luscious fruit. Also, Dwarf Fruit Trees are very ornamental with beautiful flowers in the spring. Enjoy delicious home-ripened fruit—right from your own yard with Wolfe's amazing DWARF FRUIT TREES available now . . .

Wolfe's

DWARF PEACH TREES

*WOLFE'S DWARF ELBERTA PEACH

Wolfe's true strain—old time Elberta Peaches now growing on unusual, and attractive dwarf size trees—Here are trees that save space—yet you pick large size delicious fruit—often the second year—you will enjoy the fresh fruit—and you will like the “new look” in fruit when you plant Wolfe's Dwarf size fruit trees.

PRICES: Large Size — Each \$2.95 — 2 for only \$4.95

*WOLFE'S DWARF NEW ELBERTA PEACH

An all time favorite Peach variety grown in a brand new way—You, and the neighbors too, won't believe your eyes when you see the abundance of full size, beautiful fruit growing on your Dwarf Trees. The Dwarf New Elberta ripens about June 20—and it's a top notch, all around Peach—good for eating fresh, canning, or freezing—Plant Dwarf New Elberta now!

PRICES: Large Size — Each \$2.95 — 2 for only \$4.95

*WOLFE'S DWARF HALEHAVEN PEACH

We have budded Halehaven on our Dwarf understock because it is such a popular—and outstanding variety—Halehaven is a prize winning freestone that ripens about June 25. A self fertile, attractive Dwarf tree.

PRICES: Large Size — Each \$2.95 — 2 for only \$4.95

*WOLFE'S DWARF INDIAN PEACH

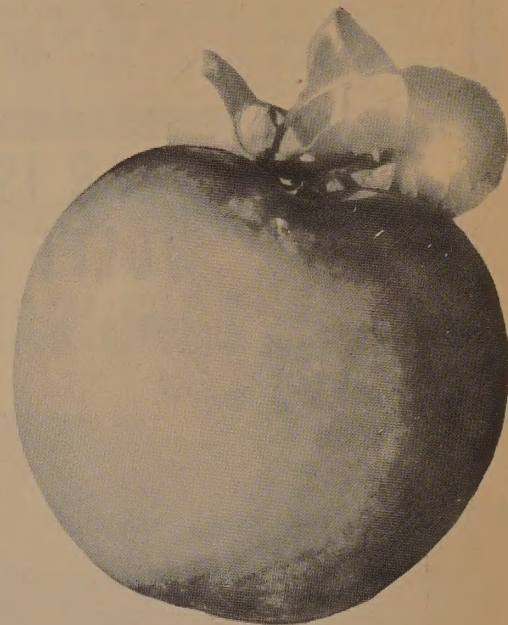

The finest pickling peach in the land—now in Dwarf size trees—This is the old time—red skinned—blood red meat—good for eating fresh, too! Our Dwarf Indian Peach ripens about July 20.

PRICES: Large Size — Each \$2.95 — 2 for only \$4.95

*WOLFE'S DWARF GIANT HALE PEACH

A dwarf size tree—with giant size fruits—that is Wolfe's new Dwarf Giant Hale—A huge yellow freestone variety that ripens July 15—Giant Hale is perhaps the top show winner of all time—Its colorful red skin—golden yellow meat—and unusual size set it apart as one of the most outstanding of all peaches.

PRICES: Large Size — Each \$2.95 — 2 for only \$4.95

WOLFE'S DWARF APRICOTS

*WOLFE'S DWARF SUPERB APRICOTS

The very best of all Apricot varieties grown—Now in Dwarf size trees—In Superb we have found a large, richly colored, fine flavored apricot that can be counted on to produce good crops every year in the South as well as in the North. It's thoroughly adapted to our climate and soils and its yearly production of big, orange-yellow fruit is just what literally thousands of home owners have asked for for years. Our search for an apricot that would produce for you every year is ended. We proudly present Superb, a top variety, now in Dwarf size trees.

PRICES: Large Size — Each \$3.49 — 2 for only \$6.50

More of Wolfe's

DWARF FRUIT TREES

When Dwarf Fruit Trees were first discovered, we were able to develop only a limited number of varieties for our customers. Now, however, through our new growing methods we have a full line of fruit trees available in Wolfe's orchard-tested Dwarf stock of apples, cherries, plums, and pears. Through the letters we receive, we are finding that more and more of Wolfe's customers prefer these amazing Dwarf Fruit Trees for their home orchards, because they can plant and enjoy so much more fruit in a given space. Here are the new varieties available . . .

Wolfe's DWARF PLUMS

SMALL—COMPACT—TREES THAT FRUIT IN ABUNDANCE—PERFECT FOR THE HOME

*DWARF BURBANK PLUM

One of the very finest of all eating plums—Now in Queen size, dwarf trees—Takes such a small amount of space—yet—produces full size, delicious fruit in abundance—A large purple plum, ripening about June 25—Plant dwarf fruits in your yard this year.

2 for only \$5.95

*DWARF BRUCE PLUM

You will enjoy fragrant, beautiful blossoms as well as tasty large size plums from Wolfe's Dwarf Bruce Plum trees. These are heavy caliper—two year trees. They will normally fruit the second year after planting. For jellies—jams—eating fresh—for an attractive and unusual yard tree, plant Dwarf Bruce Plum now.

PRICE EACH \$3.49

2 for only \$5.95

Wolfe's DWARF PEAR

*DWARF BARTLETT

A variety adapted to all sections that bears delicious golden fruit with a juicy white flesh inside. Bartlett is a consistent bearing pear that makes it the ideal variety for your Dwarf Fruit Tree planting.

PRICE EACH \$3.49

2 for only \$5.95

WOLFE'S DWARF APPLE TREE

Pictured above is one of Wolfe's famous Dwarf Apple trees that stands only four feet high, and in its second year produced over 30 delicious, regular-size apples. And you should see this tree in the early spring when it blooms with a mass of gorgeous blossoms. Many people plant them for their decorative quality alone. Varieties available are listed below . . .

WOLFE'S DWARF APPLE TREES

These attractive small trees require little space, yet often bear the first or second year after transplanting. Highly prized for the small garden where space is limited since they can be planted 10 to 12 feet apart. Although the trees are dwarf in size, they will bear full sized fruit in great abundance. Can be planted anywhere you want a flowering tree as they are extremely decorative in spring when in bloom. Our trees are grown on imported Malling understock to insure dwarf tree. Plant some and enjoy picking fresh, luscious fruit from your own trees.

VARIETIES AND PRICES — 2 yr. — 3 to 5 ft. Trees

Double Red Delicious — \$3.49 — 2 for \$5.95

Golden Delicious — \$3.49 — 2 for \$5.95

Wolfe's

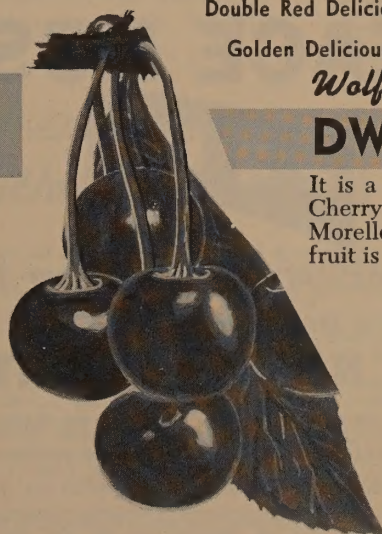

DWARF CHERRY

It is a cross between a very hardy Siberian Cherry and the English Morello. It is a Morello type of pie Cherry and at first the fruit is a bright red changing to a mahogany-red. The skin is tender and the flesh is juicy, meaty and tender. The tree is small by nature, but very productive. Ripens July 5th to 10th, and the fruit will hang on the tree in good condition for about two weeks. Promises to become a leading commercial variety.

HOW WE SHIP

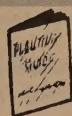

LET US HELP YOU SAVE ON SHIPPING CHARGES

You add just 10% to your order — We, in turn, pay all shipping charges for you from the shipping point here at Wolfe Nursery, saving you the extra fee charged on collect shipments.

Please Note Our Minimum Order Request

We have found that we usually incur a loss in trying to ship orders of less than \$4.00. We will ship orders smaller than this amount in order to please our customers, but we will appreciate very much your taking our minimum order request into consideration when you are making out your list of plants.

HELPFUL PLANTING GUIDE *Free*

With every nursery stock order, we send a Free Planting Guide. It tells in a clear, simple way how to plant so that even if you have never done any planting, you can have success. It tells, also, how to prune, water, care for plants over winter, how far apart to plant, etc.

YOUR ORDER WILL BE SHIPPED AT THE PROPER PLANTING TIME

We begin shipping each year just as soon as the plants are properly dormant after frost. Usually the first shipments each year are around December 1st, and we try to time your shipment when we are having the most desirable weather for planting. Please do not request us to ship your order before the stock is dormant. Send your order early, though, and qualify for the bonus 1¢ sale pictured on Page 10.

HOW TO IDENTIFY YOUR TREES BY WOLFE'S COLOR SYSTEM

Most of our trees and plants are identified by a special color labeling system, and along with your shipment, you will receive a complete color chart that will enable you to identify each variety of trees listed in your order. We have perfected this method of labeling so that the trees could be labelled in our fields, thereby, assuring you of true-to-name plants.

SEPARATE SHIPMENTS AND CREDIT MEMORANDUMS

As much as possible we try to ship your entire order in one package which is usually the most convenient method for planting them all at one time. Occasionally, strawberries, bulbs, and perennials are shipped in separate packages. And, in cases where we are out of stock on the items that you have ordered, we either ship these items shortly thereafter or make a complete credit refund to you.

BE SURE TO INCLUDE YOUR BONUS 1¢ SALE PLANTS

If your order qualifies for the "Early Order Bonus 1¢ Sale," be sure to include these items on your order . . . because we cannot make separate shipments on these items when notified after your regular order has been sent in. Also, be sure to notice "free Peace Rose bonus" listed on Page 10, that you secure for sending us the names and addresses of your friends or neighbors who'd like a copy of our free catalog.

Wolfe Nursery's Guarantee

1. We guarantee all of our plants to be of first-quality and to reach you in good, live growing condition. When your shipment arrives examine it carefully, and if you are not entirely satisfied, return it at once, and we will replace it free of charge or refund your money.
2. We guarantee our stock to be true-to-name. And, if it proves otherwise, we will replace it free or refund the amount you paid us for it. However, in no case will Wolfe Nursery be liable for more than the amount originally paid for the trees.
3. Our stock is carefully handled, and under ordinary conditions should grow for you. And, if your plants do not grow, with the exception of losses due to weather and other conditions over which we have no control—we will be more than happy to replace these for you at half price the following season. We do ask that you notify us no later than the following fall—accompanying your report with a remittance of one half the original purchase price. **WOLFE NURSERY, IN EVERY WAY, WANTS YOU TO BE SATISFIED WITH THE PLANTS THAT YOU RECEIVE FROM US.** If anything is wrong, please write us.

5 VARIETIES ON ONE TREE

5 IN ONE APPLE

A COLORFUL - UNUSUAL - ATTRACTIVE TREE THAT FRUITS IN ABUNDANCE

Now you can pick five delicious varieties of Apples from one tree. Yes, you now have the advantage of a small Apple orchard without taking up the space required for planting five separate trees. Just imagine, five different, deliciously flavored Apples all from the same tree. Have Apples growing all summer—early, midseason, late, all crisp, juicy and wonderful. Some of the finest varieties available including: Double Red Delicious, Double Red Jonathan, Golden Delicious, Yellow Transparent, McIntosh. With its flowers, rich green foliage and fruit, it is attractive enough to plant in front yard.

GROWER'S PRICES:

4 to 6 ft. Vigorous Trees \$3.49

2 for only \$6.49

Sweet and Tart CHERRIES

BLACK TARTARIAN

A large, sweet, black cherry, known best as an ideal fresh eating fruit. The Cherry is rich and flavorful—the tree a vigorous, upright grower that is a colorful, welcome addition to any landscape plan. It takes such a little bit of space to grow cherries that no home orchard should be without one or two. The unusual, appetizing flavor of juicy homegrown fruit pays you back a hundred-fold for the small amount of effort it takes to grow and care for the trees. Black Tartarian is labelled WHITE over RED.

PRICES:

2 yr. Large Size Trees \$2.98 — 2 for \$5.50

2 yr. Medium Size Trees \$2.49 — 2 for \$4.50

2 yr. Small Size Trees \$1.98 — 2 for \$3.50

COLORFUL — EASY TO GROW FRUITING TREES

MONTMORENCY

The best known and the most widely planted of America's tart Cherries. The fruit is large size, its color bright red, and its flesh firm. It's the principal canning cherry because of its dependable production and the hardiness and disease resistance of the tree. Plant only in altitudes of 600 feet and up. Labelled WHITE over GREEN.

PRICES:

2 yr. Large \$2.98 — 2 for \$5.50

2 yr. Medium \$2.49 — 2 for \$4.50

2 yr. Small \$1.98 — 2 for \$3.50

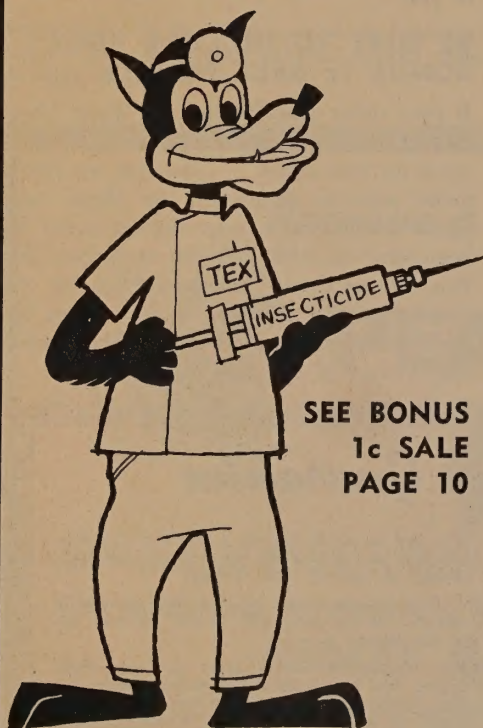

PLANTING DISTANCES & CARE

When your order of fresh trees arrives from Wolfe Nursery—along with your shipment—you will be sent a free copy of Wolfe's complete planting guide. Check the simple instructions over carefully and make sure that you have pruned and planted your tree properly. We recommend that many of your trees be wrapped with a special tree wrap—which protects them from dehydration and sun scald. It only requires a few pennies per tree to give your trees this valuable protection. The first year of care that you give your trees is very important—(1) Seeing that your trees have ample water, and—(2) Maintaining the soil at least two to three feet around the tree in a loose, tilled condition. For commercial planting the following distances are recommended:

Apples, Pears, and Apricots	30 to 40 ft. apart
Cherries, Plums, and Cherry-Plums	20 to 25 ft. apart
Figs	15 to 25 ft. apart
Grapes	10 to 16 ft. apart
Peaches and Persimmons	20 to 30 ft. apart
Pecans and Walnuts	40 to 60 ft. apart
Shade Trees—large growers: Chinese Elm and Sycamore	30 to 50 ft. apart
Medium to small growers: Mimosa, Red-bud, and Weeping Willow	20 to 40 ft. apart

THESE TREES MAY BE SPACED CLOSER TOGETHER WHEN
PLANTED IN A SINGLE ROW OR IN YARDS.

Dew-Blackberries Plant 3 ft. apart in rows 6 ft. apart
Rossberries & Thornless Boysenberries Plant 4 ft. apart in rows 6 ft. apart

Wolfe's World Famous PEACH TREES

Honey-Sweet **MELBA**

*The Best Tasting — The Best
Eating Peach of Them All*

Produces delicious honey-sweet peaches from early June through most of July—longer than any other peach. Everyone unanimously says "It is the best peach I ever tasted." This queen of all eating peaches is also a real summer treat for fresh home-made ice cream and preserves. Melba is a heavy producing freestone, frost resistant, and easy to grow in all areas. Labeled with two RED stripes.

SAVE 20% ALL 3 FOR \$3.98

TEXABERTA

The Nation's Perfect Peach

A perfect freestone that ripens about July 10. This outstanding peach has not missed a crop at Belton, Texas, since it was originated 24 years ago. Combine the best qualities of all peaches, add a few, and you have Texaberta. It has bright red, juicy flesh around the seed, forming into deep, tender yellow toward the bright red-covered skin. Delicious? — well, you just don't know what good eating is until you have had the juice of a Texaberta running down your chin after a good bite. Texaberta produces in mild climates where Elberta is a failure — and — it is extra FROST-RESISTANT. Texaberta is sold only by Wolfe Nursery and is labelled with a RED stripe.

TOP SHOW WINNER
GIANT HALE
GRAND WINNER AT FRUIT SHOWS
ALL OVER AMERICA

A Grand Champion Show Peach that draws more attention and brings higher prices on the market than any variety that we know. Giant Hale is a yellow freestone that ripens July 15th. Its skin is a deep, rich red, and its meat a bright yellow. We have Giant Hales come out of our bearing orchard that would weigh over a pound and would be as much as a foot in circumference. It's a giant all right and you will be proud of the results you get when you plant Giant Hale. Labelled YEL-LOW.

**NEW
 ELBERTA**

Wolfe's Popular
NEW ELBERTA

ALL-ROUND FAVORITE PEACH

This is a juicy, yellow freestone that ripens about June 20. The first of its class to reach the market, New Elberta has been widely planted as a commercial peach because of its young bearing habits and high quality fruit. It is a good home orchard variety, since it is an extra fine all-around peach. Whether you want to eat it juicy ripe off the tree, can, or freeze it, you'll like New Elberta. Grown and guaranteed by Wolfe, New Elberta is labelled with one PINK stripe.

Wolfe's True-Bearing

ELBERTA

Would you believe that there are over 100 kinds of Elbertas being sold by nurseries? Very few have the original pure-strain that gained world-wide fame for its size, color, flavor, and bearing habits. The buds that we use come right off trees in our own bearing orchard. It's the oldtime Elberta that our parents knew and remembered as being one of the most dependable bearing trees of all time. Our true Elberta, a huge, yellow freestone, ripens July 10th. Labelled with one GREEN stripe.

Delicious Tasting

HALEHAVEN

A prize-winning freestone that ripens June 25th. Halehaven is a large, beautifully colored, yellow-fleshed peach that is without question one of the finest canners grown. Commercial orchardists know Halehaven as a bountiful producer and a splendid shipper that brings top prices on the market every year. It is perfectly self-fertile, extremely hardy, prolific, and a good pollinator for other peaches. Labelled with two BLUE stripes.

Frost-Resistant

FRANK PEACH

One of the best All-around Peach varieties of all time—the heaviest producing variety in our own orchards here at Wolfe Nursery—FARM AND RANCH Magazine says, "The most outstanding peach produced in the Southwest." That just about tells the story, for Frank is outstanding in every respect. It is a large, firm, juicy, yellow cling that ripens August 10th. It's so sweet that most women can them without sugar. Frank's record year-in, year-out production proves its value as an outstanding frost-resistant variety that is a "must" in every home or commercial orchard. Labelled with one WHITE stripe.

Ideal Pickling

RED INDIAN

A real handful of the most outstanding, red-fleshed, red-skinned peach that is grown. Mrs. Wolfe says it is the finest pickling peach in the land, and women who live in the Stephenville area come to our orchards every year when the Indians get ripe—they buy them and pickle them, and the whole family has a treat all winter long. Not only are they a treat when they are pickled though—they're fine eatin' when picked ripe right off the tree. Our true-strain, old Indian Cling ripens July 20. Indian is labelled ORANGE.

Wolfe's PERSIMMONS-

COLORFUL

Allred Plum

We know of no other fruit tree that offers such beautiful blossoms during the spring — such outstanding, colorful red foliage all during the growing season — and such delicious eating. Allred is a dual purpose tree — not only does it produce one of the nation's outstanding quality plums, it is absolutely unsurpassed as a beautiful and colorful landscape tree. The fruit looks like a dark cherry, only larger, and its flesh is a juicy, deep red. It is ideal for either eating fresh off the tree, or for making a tasty, bright red jelly. The leaves are RED — the stems and branches are RED. The fruit is RED inside and out, and the tiny seed is RED. Allred is truly ALL RED. Labelled with a BLUE stripe over a WHITE stripe.

2 yr. Large Trees \$2.95
3 or more \$2.75 ea.

2 yr. Medium Trees \$2.45
3 or more \$2.25 ea.

2 yr. Small Trees \$1.95
3 or more \$1.75 ea.

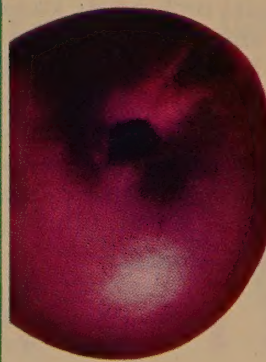

BURBANK PLUM

One of the finest eating Plums that ripens about June 25th. It is a large, purplish-red Plum with deep yellow, delicious flesh. A very prolific variety that was created by, and named for, a great man. Burbank is an excellent commercial Plum, and sells in the fancy fruit class. It is labelled with a BLUE stripe over a GREEN stripe.

PRICES:

2 yr. Large Trees \$2.49
2 yr. Medium Trees \$1.98
2 yr. Small Trees \$1.49

BRUCE PLUM

The best large red Plum grown in the South. The tree is very healthy, bears very young and produces loads of Plums nearly as large as a hen egg. It ripens early in June, and growers report getting \$8.00 per bushel on the New York market. Other varieties of Plums must be planted with Bruce for pollination. It is the only variety on our list that is not self-fertile. In commercial plantings, we recommend planting one pollinator to twenty Bruce. Bruce is labelled BLUE over RED.

PRICES:

2 yr. Large Trees \$2.49
2 yr. Medium Trees \$1.98
2 yr. Small Trees \$1.49

*a lovely ornamental Shade Tree
a dish fit for a King*

JAPANESE PERSIMMONS

TANI NASHI

A long, bright orange Jap Persimmon that is seedless. Finest quality to be had. We have picked Tani-Nashi when snow covered the ground. What a Beautiful sight! Persimmons with a white snow background! It is frost-resistant and widely adapted. Deliciously flavored. Plant trees 20 feet apart. Tani-Nashi is labelled YELLOW over RED.

2 yr. Large Trees \$3.98

2 yr. Medium \$2.98

2 yr. Small Trees \$1.98

JAPANESE PERSIMMON SPECIAL

These trees make such lovely landscape trees that many customers want them in groups of 3. This collection is made up of 3 Jap Persimmons—one-year-old trees at a big saving for you.

3 for \$4.98

EUREKA PERSIMMON

A very hardy variety with a most delicious flavor. Sometimes seedless Big red fruit literally cover the tree and hang until soft ripe. Our system of using fruit-buds causes Wolfe-grown trees to produce young and heavily. When served with a few drops of lemon juice, sugar, and thick cream, Eureka is a dish for a king. Eureka is labelled YELLOW over WHITE.

2 yr. Large Trees \$3.98

2 yr. Medium Trees \$2.98

2 yr. Small Trees \$1.98

PLUMS-NECTARINES

DWARF

Sapa Plum Cherry

This dwarf Plum Tree—small in size as it is—produces a superior quality fruit in such tremendous quantities that it is difficult to believe a tree so small, could produce so much.

This is Mrs. Wolfe's jelly plum and she personally asks us to pass on the following words to you: "We've been growing plums here at our nursery for over 30 years, and I'm sure that over that period of time we have tested over 100 plum varieties. Never, during that period, have I ever seen any plums that made a more beautiful or tasty jelly than the Sapa Plum Cherry. It has been our family favorite for over 20 years." The Sapa is a bountiful producer of rich, dark purplish-red plums that are just as sweet as sugar. It ripens the latter part of June. Labelled BLUE over PINK.

2 yr. Large Trees — \$1.98 2 yr. Medium Trees — \$1.49
2 yr. Small Trees — \$1.29

**Three Choice CHERRY PLUMS for
Jams and Jellies** **3 for \$3.29**

HOWARD'S MIRACLE PLUM

THE INTRODUCTION of the "Miracle Plum" marks an epoch in the advance of fine fruits for the table. The tantalizing and delicious flavor, the great size, firm amber flesh, combined with its delightful color, place the "Miracle Plum" in a class by itself. Invariably, after tasting the "Miracle Plum," comes the exclamation: "This fruit is truly a miracle. It is something out of this world." Here are some facts about the "Miracle Plum": Extraordinarily large size fruit, average diameter $2\frac{1}{2}$ to $2\frac{3}{4}$ inches. An astounding surprise to the palate, flavor not unlike the Nectarine, Peach and Plum mixed; skin thin and unnoticeable when eating fruit, miniature stone, meat Nectarine-like in quality. Keeping qualities excellent, delicious in preserves, fruit ripens over a long period during July and August. Exceedingly fast growing and quick bearing tree which will bear fruit second year after planting. Beautiful ornamental tree of medium size, foliage persistent, in Autumn richly tinted not unlike the leaves of the Maple. Can be grown in a small garden. Labelled Blue over Orange.

2 yr. Large Trees \$2.49 2 yr. Medium Trees \$1.98
2 yr. Small Trees \$1.49

A distinctively different Fruit

NECTARINE

The Nectarine is such a delicious fruit it has always been a source of disappointment that there has been no Nectarine variety which was dependable in this area. Only now have we succeeded in getting a Nectarine that has stood the test. These big, bright red and yellow fruits are unbelievably good, and so good looking that you will keep a bowl of them on the table just for ornament. (We guarantee they won't stay in the bowl long, they taste too good.) You'll not have to hope for a crop—you'll get it every year without fail. Add to all this the fact that the big spring blooms have such a lovely clear pink color that it is almost as ornamental as the finest flowering Peach—after all this, does it sound as if you could afford to be without it? Ripens in July.

2 yr. Large Trees \$2.49

2 yr. Medium Trees \$1.98

HOLLAND

Wolfe's HOME ORCHARD & COMMERCIAL

HOLLAND APPLE

When Holland was originated Mother Nature must have decided to combine all of the best qualities of apples into one. For many years Holland has proven to be a consistent, heavy-producer of huge, dark, strawberry-red apples. It is a smooth, juicy fleshed fruit with a delightful flavor that is more than pleasing to the most exacting taste. Being a native of Texas Holland is especially adapted to our climate and soils, and has proven to be an outstanding producer wherever apples are grown.

Holland is the perfect apple for home planting. It is a heavy producer that bears young—and since it ripens early—July 20th—you'll enjoy fresh apples right off of your own trees before the regular store-bought crop comes in. Being a heavy producer, Holland will fruit for you the second year following planting—labelled ORANGE over RED.

DOUBLE RED DELICIOUS

HOLLAND PRODUCES YOUNG

Our Holland Apple orchard was planted in February and bore its first fruit 5 months later in July. Holland is the youngest bearing, heaviest producing apple we have ever grown.

Tasty Favorite

DOUBLE RED DELICIOUS

The old King of red eating apples that is grown from coast to coast with outstanding success. Our pure-strain Double Red Delicious bears loads of big, sweet, firm apples that are a treat to enjoy. Trees you receive from Wolfe Nursery are budded from our own bearing orchard. And, really, store-bought apples are picked before they are ripe and never compare to those picked fresh from your own trees. Double Red Delicious is *not* self-fertile and *must* be planted with either Holland or Golden Delicious. Double Red Delicious is labelled ORANGE over BLUE.

GOLDEN DELICIOUS

For Grand Eating Pleasure

GOLDEN DELICIOUS

By far the outstanding Apple in its class. Self-fertile and an excellent pollinator in the home or commercial orchard. Golden Delicious is a mild, juicy, sweet, crisp, white-fleshed apple with new-gold skin that has a distinctive flavor all its own. It is a richly fragrant and appetizing apple that belongs in every home planting. Like Holland, Golden Delicious is adapted to a wide territory and bears very young. Golden Delicious is labelled with an ORANGE stripe over a WHITE stripe.

Pears

DOUGLAS PEAR

The Sugar Pear That Bears Very Young

We've never had any pear variety that offers more production or bears earlier than Douglas. I'll never forget summer before last when we had a Douglas Pear block near a road that goes over the nursery. People that visited us and drove over the place never ceased to be amazed at this whole block of trees just loaded down with fully mature pears. Why, the trees weren't but about 4½ or five feet tall and many of those little trees had as many as ten or twelve pears on them! You'll like the bearing qualities, and the color, and taste of Douglas Pears just as all of those visitors did. It's *Blight-Resistant* and bears consistently each year, ripening about August 15. Labelled with a PINK stripe over a YELLOW stripe.

PRICES:

2 yr. Large Trees \$2.98 2 yr. Medium Trees \$2.49
2 yr. Small Trees \$1.98

GARBER

For eating juicy ripe off of your tree or for preserving for year-round pleasure, Garber is ideal. It is beautifully colored and well shaped, and the tree is vigorous as well as highly disease-resistant. Labelled PINK over BLUF.

PRICES:

2 yr. Large Trees \$2.49 2 yr. Medium Trees \$1.98
2 yr. Small Trees \$1.49

KIEFFER

A variety adapted to all sections — including sections where Bartlett is a failure. It is a sure bet for heavy, consistent crops of large, white-fleshed pears. It is a golden yellow pear that is an extra good cooker and ideal for winter storage. It will keep for a longer time and gets very sweet and mellow after about a month. Kieffer is labelled PINK over RED.

PRICES:

2 yr. Large Trees \$2.49 2 yr. Medium Trees \$1.98
2 yr. Small Trees \$1.49

ORIENT

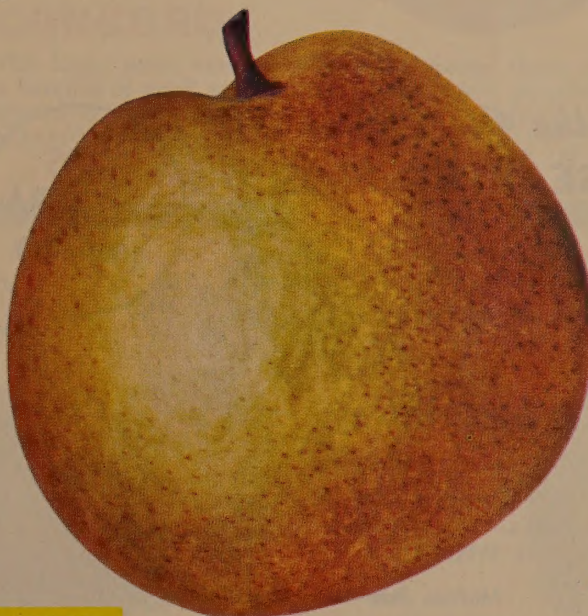

A brand new *BLIGHT-RESISTANT* variety that has been acclaimed outstanding everywhere that it has been tested. Without reservation, we, here at Wolfe Nursery, recommend Orient as perhaps the finest home orchard and commercial pear that has ever been sold. Sturdy, healthy trees, heavy production, high quality, and adaptability to all sections, place Orient on the top of the list of America's Pears. Its skin is lemon-yellow and the flesh is creamy white with a smooth, delicious texture. The shape of the tree makes it ideal as a yard tree. Labeled PINK over WHITE.

ROYAL

The Most Outstanding of All Apricots

In Royal we have found a large, richly-colored, fine-flavored apricot that can be counted on to produce good crops every year in the South—as well as in the North. It is thoroughly adapted to our climate and soils, and its yearly production of big, orange-yellow fruit is just what literally thousands of home-owners have asked for for years. Our search for an apricot that would produce for you every year is ended, and we proudly present ROYAL. Labelled with a GREEN stripe over RED.

STREAMLINER

Sensational Everbearing Strawberry

Never has a new strawberry become so popular as quickly as Streamliner. The reasons are simply that it produces so heavily the big red berries of such fine flavor. **PLANTED THIS SPRING IT WILL BEAR THIS SUMMER AND FALL.** Then next year it will produce a tremendous crop in June and after a short time it will start again and keep on right up to freezing. The Berries are Big, Red, Sweet and DELICIOUS. Streamliner is self-pollenizing so can be planted alone. Eat them, preserve them, freeze them. We want to repeat: Streamliner has that rich, sweet real strawberry flavor.

Superfection

Extra Big Crops—Extra Big Fruit From this **NEW** Variety

— A tremendous bearer. You will have delicious berries this summer and fall. And next year it will bear spring, summer and fall. The berries are big, firm and bright red, and red all the way through. Serve them with cream and sugar. For preserves and freezing they are excellent, because they hold their shape and color. It is mighty fine when you can go out in your garden and pick fresh ripe delicious strawberries (saves on the grocery bill too) spring, summer and fall. Strawberries have always been considered the most delicious of all fruits. Now it has been discovered that they are also healthful. A couple of rows across your garden will give you lots of berries. Superfection is self-pollenizing. Water well in dry weather.

ROSSBERRY

*The
Greatest
Berry
I've Ever
Found*

Juicy cobbler made with fresh berries, home-made jam with gobs of butter and hot biscuits — those are the things that the whole family can enjoy. The eating pleasure that you get from your own berry patch is worth time and time again the little amount of work it takes to grow berries.

THE INCOMPARABLE

ROSSBERRY

IT HAS EVERYTHING and is the sensation of quick-freezing. It is huge in size, and has the unusual combined flavor of Raspberry, Loganberry, and the sweet Blackberry. It fruits the first year after planting and withstands cold and drought. It actually likes dry weather. Remarkably free of the usual diseases. Small, soft, seeds are very few. Now growing in over sixty Federal and State Experiment Stations. First berry to ripen and a very heavy producer. 600 gallons per acre. Grows on a trellis and very easy to pick. As told by the original grower, Rossberry was created by Luther Burbank and went undiscovered for many years.

PRICES:

10 Plants — \$1.95	30 Plants — \$4.95
20 Plants — \$3.69	40 Plants — \$5.95

THERE IS BIG MONEY IN A BERRY PATCH

Says S. J. Boase

S. J. Boase of Erath County planted a small patch of Dew-Blackberries in the spring and in the following summer his patch gave him an average return of \$272.00 per acre. In the succeeding year his average was a phenomenal \$720.00 per acre. And, Mr. Boase's investment in berry plants was only \$193.00 per acre—see more information below . . .

THORNLESS BOYSENBERRY

A huge maroon-red berry that grows on an absolutely thornless vine. Its juicy, tangy flavor makes it ideal for fresh eating, canning, cobbler, jams, pies, or jellies. Thornless Boysenberry is adapted the country over and it thrives and produces heavily on back yard fences.

PLANT A BERRY PATCH FOR EXTRA INCOME — HERE'S HOW TO DO IT

You can make extra money, just as S. J. Boase (above) has done—Berries are easy to plant, easy to grow, and require little care—Planting berries in 6 ft. rows, 3 ft. apart, here is your cost—(¼ acre \$60.50) (½ acre \$114.95) (1 acre \$193.60) (2 acres \$363.00) (5 acres \$847.00) (10 acres \$1,573.00)—We will supply you with complete information concerning planting and care.

Wolfe's New **EVERBEARING**

Hawaiian **TREE BERRY**

bears delicious Dew-Blackberries all Summer . . .

2 and a half months longer than other berries

Here is a great find that is making berry history. An unusually strong and hardy grower that can be grown as a regular bush berry or conveniently shaped and pruned into a tree. Its magnificent structure often grows as much as four to five feet the first year. Its begins bearing delicious dew-berries in the early summer and continues all through the summer months of June, July, and August. In our test berry patch here at the nursery, we gathered more than 300 delicious fresh berries from one tree. The berry fruit is a very fine quality and an all-purpose berry for jelly or fresh eating.

1 yr. Heavy \$1.25 ea.

3 or more \$.98 ea.

Amazing New **BRAZOS BERRY**

This great new berry was developed by Texas A&M College and has already proven to be the new leader by far in production of delicious home and commercial berry fruit. It bears from a week to two weeks earlier than the regular dew-black and produces double the amount of fruit in both quantity and weight as the other varieties. Its flavor is distinct and its sweet, juicy structure gives you all of the desirable qualities.

Hardy . . . Beautiful Growing . . . New

CARPATHIAN ENGLISH WALNUT

a fast growing tree that bears very young

This amazing walnut was found growing in the sub-freezing temperatures of the Carpathian Mountains in Europe. Not only does it survive the cold weather—it is one of the most beautiful growing trees and makes a wonderful shade tree. An extra heavy producer of thin-shelled, delicious flavored walnuts CARPATHIAN is adapted to all sections of North America and will produce bountifully for years and years. We recommend Carpathian to you highly for planting in your orchard or around the home.

WOLFE NURSERY
HONEY DEES GROW ON TREES

ROSS R. WOLFE - Founder 1919

Ross R. Wolfe founded Wolfe Nursery in 1919 and devoted his life to the collection and breeding of better fruit and nut tree varieties. Pioneer in soil building and diversified farming, paying orchard practices, and civic improvements. Served as President of Texas Nurserymen's Association, Pecan Tree Growers, Fruit Tree Growers, Chamber of Commerce, Lions Club, and Director of the American Association of Nurserymen. His high standards and business ethics will long be known and recognized throughout the nursery industry all over the world.

E. E. RISIEN

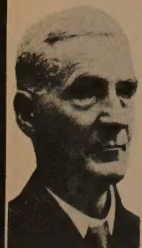

E. E. Risien received the Gold Medal for his outstanding contribution to horticulture. This grand old man gave many new and valuable varieties to the Pecan world, such as Garner and Western Schley. By Mr. Risien's request, Wolfe Nursery is continuing his breeding work for bigger and better Pecans.

J. W. STUBENRAUCH

Famous breeder of Frost-Resistant Peach varieties. Frank and Frankie are two of several outstanding creations that have set production records. By his request, Wolfe Nursery is continuing his breeding work in Peaches.

T. V. MUNSON

World famous for creation of over 100 new Grape varieties. Carman is the leader. Received many medals from France and other countries. We purchased the famous Munson vineyards to preserve his many varieties and continue his work.

Over ONE MILLION CUSTOMERS . . .

Wolfe Nursery—since its origin in 1919—has been devoted to the production and growing of outstanding quality in nursery stock, and through the years more than one million customers have enjoyed buying direct and fresh from our growing fields here in Stephenville, Texas. We take great pride in growing the many thousands of plants that we produce, and it is always a pleasure for us to serve the thousands of customers who order from us each year.

Wolfe's New, Brilliant Blooming TREE PEONIES

MEXICAN TUBEROSE

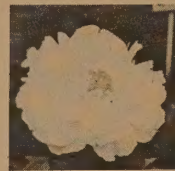

Flower spikes 30 to 36 inches tall, with very fragrant, waxy-white flowers from July to frost. Very fine cut flower as a single spike will perfume a room. Often 20 or more flowers on a single plant. Grows in full sun or part shade. Plant the bulbs outdoors after all danger of frost is over and the ground has become warm, covering with 2 inches of soil. For earlier blooms, you can start them indoors in pots and transplant outdoors when danger of frost has passed. They are attractive in the border and excellent for cutting. Dig in the fall and store just like Glad bulbs. Our large best quality No. 1 Bulbs will produce far more flowers than the small No. 2 size.

Wolfe's Evergreen GROUND COVER

EVERGREEN ENGLISH IVY

Ugly bareness becomes a spot of beauty when buildings of stone, concrete, or stucco, and hard-to-cover slopes and banks are covered with the dense, rich, glossy evergreen foliage of English Ivy. Famous for its long life, this delightful strain of Ivy creates a lovely atmosphere all its own. Effective mass planting can be obtained by placing the plants two to three feet apart.

Blooming

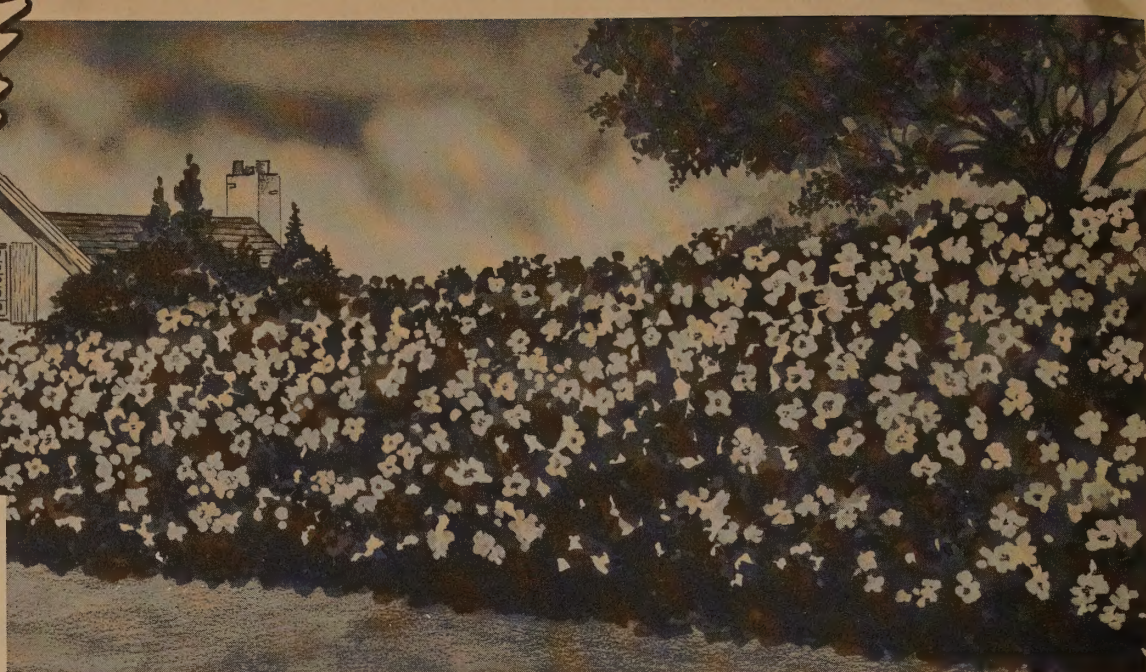

PURPLE HONEYSUCKLE

This attractive ground cover, border and hedge plant, with its colorful purple-tinged foliage is an excellent plant to include in many uses throughout your entire landscape. It delivers an effective appearance in planter boxes, and even as a single foundation plant up against the house. And, it can be easily trained to a trellis. It blooms abundantly with a unique, delicate purple cast for contrasting beauty.

\$.79 ea.

10 or more \$.69 ea.

HEDGES

ROSA MULTIFLORA *The Miracle Living Fence*

The very best, most colorful, all-purpose hedge grown. It makes a dense, thorny barrier that stops traffic across your yard or garden. And, just as it keeps livestock in the fields, it keeps your pre-school youngsters from wandering out of the yard. In the springtime, even if trimmed, it bears clusters of small, white, wild roses, and, in the fall, the berries turn a pretty bright-red. If you let it grow, it will get tall enough to make a beautiful screen. It ranges in height from two to six feet, depending upon how you trim it. Our big, super grade Multiflora roses will make you a beautiful hedge in a hurry.

EVERGREENS

PFITZER JUNIPER

Most handsome and useful Evergreen for the landscape. This popular spreading Juniper has beautiful silver-green weeping branches and works in nicely with Italian Cypress, Bonita or as a fill for borders and walk planting. Reaches a spread of 4 to 6 feet and can be pruned to any desired shape.

\$1.00 each

BAKER A. V.

A beautifully colored, deep green, globe-like plant, especially suited for foundation or hedge planting. This evergreen is lovely and compact when sheared. Its year-round greenery means year-round color for you and your family to enjoy. Order today for beauty in evergreens in your yard.

\$1.00 each

WAXLEAF LIGUSTRUM

One of the finest broad-leaved Evergreens grown in the South. This aristocrat of the Evergreen family has showy, thick, waxy leaves that are dark green on top and light green on the under side. Can be pruned to any shape for specimen plants, or beautiful informal hedge.

\$1.00 each

EUONYMOUS JAPONICA

A waxy-glossy-leaved specimen of the Broad-leaf evergreen family. An all-purpose plant that may be pruned to any shape, or that will cling close to the wall. Ideal for planting behind flowering shrubs and will make a lovely hedge.

\$1.00 each

BONITA A. V.

Our deep green dwarf type Evergreen that is widely used . . . it grows compact, and is as round as a ball . . . Bonita is an ideal plant to use with the tall, columnar type of Evergreens.

\$1.00 each

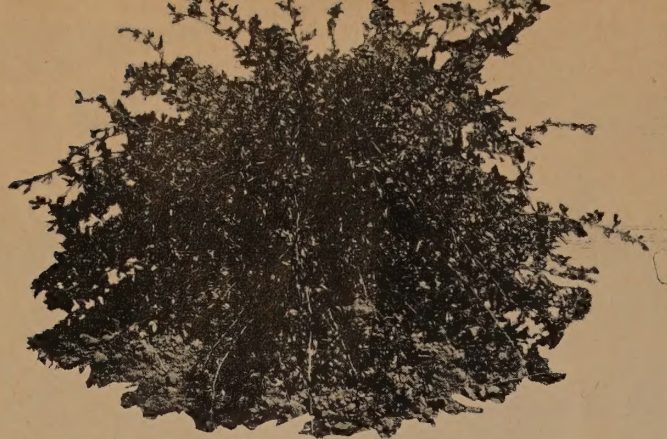

ITALIAN CYPRESS

A tall, graceful, slender evergreen with dark green foliage. Need not be sheared—grows 20 feet tall, but can be kept to desired height by pruning top. Use with Pfizer Junipers to build up tall lines in the corners of your home.

\$1.00 each

GOLDEN BELL JASMINE

We have selected this variety out of several Jasmynes. Its long, slender branches arch and hang to the ground. The foliage is a bright tender green that is covered with gorgeous little yellow flowers all summer.

\$1.00 each

ABELIA GRANDIFLORA

One of the rare Evergreen family that blooms from May until frost with a mass of fragrant white flowers that have a very light touch of pink. Each flower is cradled in a bell-shaped cup with six petals of dark purplish red. This array of exquisite blooms has for a background a willowy dense, glossy green foliage that changes hue with the season. Grows 3 or 4 feet high.

\$1.00 each

WOLFE'S PHOTENIA

A large handsome Evergreen with slightly curled, indented leaves. The new foliage in the spring is a contrast of bright colors and in the fall, they produce an abundance of scarlet red seed pods that look like a mass of red berries. Thrifty grower that can be used many places in the landscape. Will grow from 5 to 7 feet tall, but can be pruned low.

\$1.00 each

Wolfe's Famous Red Pyracantha

CRIMSON TIDE

Our new hardy Pyracantha is lower growing than most varieties and produces more and larger bright-red berries than any other variety. Its leaves are broad and dark green. It blooms a bright, bell-like white in the spring, and its berries in the large clusters are outstanding all during the fall and winter. The perfect colorful evergreen for planting as a foundation plant or informal hedge.

\$1.50 ea.

3 or more \$1.30 ea.

Gold Nugget

PYRACANTHA

Wolfe Nursery's wonder pyracantha, Gold Nugget, is the gem of all Pyracantha. Its masses of berries are each rich golden in color against deep green foliage. Before its berries come on in late summer and fall, it puts on a magnificent display of bell-like, snow-white blossoms. Most important, it is hardy for all sections. Grow Gold Nuggets in your yard this year!

\$1.25 ea.

3 or more \$1.10 ea.

Goldflame

HONEYSUCKLE

Our new sensational Goldflame Honeysuckle is everblooming and unusually heavy blooming. Its blooms are bright red with bright golden yellow. For growing either in the sun or shade . . . for unusual eye-catching beauty all summer, plant Goldflame, outstanding of all honeysuckle.

\$1.25 ea.

3 or more \$1.10 ea.

RED LEAF BARBERRY

There is nothing as strikingly brilliant as the flaming Red Leaf Barberry. A very hardy shrub abundant in thick, red-maroon leaves that fairly glisten in a novel contrast to the other plants. Grows about three to four feet tall. Plant for single specimen, corner groups, or solid border hedges. Red Barberry is especially beautiful in front of a light-colored home, too. And, with its compact, vigorous growing characteristics it makes a delightful plant in a hurry. Plant approximately 2 feet apart.

\$1.25 ea.

3 or more \$1.10 ea.

NANDINA

The unusual Evergreen that changes color with the season. Bright green in the summer, turning to vivid shades of fire-red in the winter. Covered with clusters of scarlet-red berries all winter. Grows 3 to 5 feet tall. Can be pruned to desired height. Use under windows and mix with other greens for year-round beauty.

\$1.00 each

GARDENIA

The deep, dark green waxy leaf—the snow white blossom—fragrant beyond words—the ease of growing—all these make Wolfe Nursery's distinct Gardenia variety, Gardenia Fortunei, one of the most sought of all Evergreens. This popular sweet-scented beauty will give you—your family—and neighbors, too, years of pleasure. For landscape beauty—for home bouquets—for party corsages—Gardenia Fortunei.

\$1.00 each

Wolfe's

BURNING BUSH

One of the most beautiful and colorful of all shrubs—it becomes a different color with each season. There are bright yellow flowers in May and in June—then red berries for late summer and fall. The foliage is an attractive dark-green throughout the summer, changing to a brilliant crimson pink-rose in the fall. Its unusual cork-like bark adds distinctive charm and contrast throughout the winter months. You'll find Wolfe's Burning Bush to be an outstanding addition for hedge, border, or foundation planting around your home.

\$2.95 ea.
